SCIENCE COMPETITION

Enter our Inspirational Scientist Competition 2024

- Amazon voucher prizes for 1st, 2nd and 3rd place.
- Create your entry at home.
- Closing date for entries is Friday 19th April.

The Ogden Trust School Partnership

We have launched our new science competition this week to celebrate **British Science Week**. The theme of the competition this year is 'Inspirational Scientists' and we would like the children to create something special to display in school – it could be a written report, art-work, a 3D model or something completely different that celebrates an inspirational scientist. Children can choose a famous scientist from the past, a modern-day scientist or a family member who has a science based job to base their work on.

This would be an ideal rainy-day activity for the Easter holiday!

We are looking forward to seeing your entries in school on or before **Friday 19th April**.
